Signature: _____

Date: _____

ANNOUNCEMENT:

The Certification & Training Program is developing a list of certified operators who may be available and willing to perform the services of an operator at a public water and/or wastewater system in West Virginia. This will not be a comprehensive list of all certified individuals. Inclusion on this list will not constitute an endorsement by the West Virginia Department of Health and Human Resources nor is it automatic. This information will be provided as a resource for the purpose of convenience to help both systems and operators better communicate to support operator coverage compliance.

To have your basic contact information provided to the public, please complete the enclosed EW-76 form. If you have any questions, please contact Dawn Newell at dawn.a.newell@wv.gov or call 304-356-4337.
